SUPPLY DRIVE

Help eliminate summer learning loss by supporting Freedom School Partners' monthly supply drive, which offsets the cost of materials purchased each year for Freedom School scholars and their families. Make it a habit to purchase a few of the featured items shown below every month and drop them off at our warehouse between 11a.m. - 3p.m. the last Thursday of the month! It's an easy, affordable way to help make summer education equitable for all.
